Dear Valued Clients,

As the company goes into lock-down, please do not forget that the fraudsters are still hard at work.

If you receive an invoice from Empowerdex for urgent payment, please check the email address to see it really comes from Empowerdex. You can right click on the email address to check the properties of the address.

Secondly, we always use the company email signature on all external emails. If there is none – please do not proceed.

Thirdly, our banking details have not changed. If you get an invoice with anything other than the usual banking details as per the application form you initially received, please do not pay.

Our phone lines will be diverted to the cell phones of the managers of each division, should you need to clarify any invoice related matters.

We thank you for your support, and wish you health and sanity as we go into collective lockdown.

Regards,
Empowerdex Team
